SUMMARY

Professional Creative Designer and Web Producer with proven experience in the digital space. Ability to guide and facilitate the development of internal and external web projects. Can establish, plan, direct and implement user interface standards and design guidelines as well as GUI prototypes.

HISTORY

Web Designer & Producer of Online Media

09|2002 – Present - Boston, MA

Worked with clients directly on defining their business requirements and translating that data into tangible deliverables for the web. Organized and managed creative deadlines and development team deliverables as well as third party vendor relationships to ensure proper implementation of assets. Managed client budgets and time-lines. Built user GUI prototypes for development teams according to business requirements. Created and updated site-maps and design time-lines. Worked with development teams to ensure site styles and look and feel continuity.

Latest Projects:

Elite Physical Therapy - RI, 08|01|09 - 01|20|10

WordPress CMS Design

Boston Interactive - MA, 12|26|10 - 01|15|10
